

Local Markets & Summer Fairs 2026

Seasonal fairs and local markets offer a range of opportunities to local voluntary groups and charities to raise your profile in the community, raise funds on a stall and/or raise funds by being chosen as a beneficiary charity. Please always check individual websites for up-to-date information

Local Markets

Ham Parade Market

Ham Parade Market is open on the first Saturday of the month (excluding January) and offers crafts and fresh produce. Its mission is “investment in the community, for the community, by the community”. The market supports a different local charity each month, providing a free of charge stall for a charity to raise awareness and/or funds. Apply [here](#). In addition, they run a raffle at each market with the proceeds donated to that month’s charity. To date they have raised over £18,000 for local good causes. Kew Village Market

Kew Village Market is usually held on the first Sunday of the month except in January. It is run by volunteers with the aim of helping local good causes and to encourage footfall to the Kew Village area. Since 2011 they have donated £100,000 to local charities. Awards are made four times a year in October, December, March and July and range from £500 to £1,000, although they are happy to consider smaller and larger requests. Charities are welcome to have a free stall at the market to raise their profile and funds. For details of how to apply, [visit the Kew Village Market website](#) and click on ‘charity’.

Surbiton Farmers Market

For local charities and good causes that also have beneficiaries in Kingston, Surbiton Farmers Market (SFM) is run by the community for the community. It takes place on the third Saturday of the month and since 2009 has raised over £65,000 for local charities. Each month a charity can have a free stall to promote what they do and raise funds. To give them a helping hand, the market adds a donation which currently stands at £500. Towards the end of the year, charities are invited to request more significant funding to support larger projects in the community. [Visit the Surbiton Farmers Market website.](#)
